

basil pos

Basil POS, powered by Wholesale Payments, is driven by building the restaurant platform that helps restaurants adapt, and take control.

LIGHTNING FAST

We appreciate that every second with a customer in front of you counts. Basil point of sale is designed to be **fast and responsive, with no delays** in loading menus or processing orders.

ZERO PROCESSING FEES

You can **eliminate your processing fees** using the built-in dual pricing option. Powered by Wholesale Payment's dual pricing program you can wave **goodbye to hefty monthly statement fees.**

WE'VE GOT YOUR BACK

The next time your point-of-sale does something unexpected don't spend hours on hold. Basil is lovingly **supported by a dedicated team of professionals** that are standing by to answer any questions you may have.
